

## **Siesta Key Beach and Siesta Village - Sarasota, Florida**

Siesta Key Beach was voted the #1 beach in the U.S. by Travelers Choice Awards, Trip Advisor and #5 in the world in 2017. It was the only U.S. beach included on the international list. It is made famous by its sugar-fine, quartz-white sand. Siesta Key Beach has clear, warm waters ideal for swimming. The beach is hundreds of yards wide in the shape of a crescent. There is a lifeguard year round. The beach amenities include a concession stand, restrooms, public showers and a new picnic pavilion. Beach chairs & umbrellas may be available for rent but this could change due to our trip is in the off season. Please be sure to check before going. Siesta Key Beach is located on the Gulf Coast in Sarasota, Fl on Siesta Key.

Siesta Village is a short mile away from Siesta Key Beach with nearly 100 boutique stores, cafes, restaurants and fun points of interest. We believe you will find exploring in the village a relaxing and fun adventure with time to grab an early dinner. Here are links to web sites with a map and more information about Siesta Village.
